EDUCATION

Bhilai Institute of Technology Durg

Bachelor's of Technology in ETC - SPI - 9.5

2021 - 2025

Durg, India

TECHNICAL SKILLS

Languages: Python, Java, SQL

Developer Tools and Core Subjects: Git, Github, Data Structure and Algorithms, OOPs, Windows OS

Soft Skills: Team Working, Leadership, Communication, Adaptability

EXPERIENCES

Python Development Intern Cognifyz Technologies

Skills : Python, Automation, Web Scraping, Data Visualization

June 2024 - July 2024

- * Implemented Python programs for string reversal, palindrome checking, and basic calculations.
- * Developed a password strength checker and a file manipulation script to process and analyze data.
- * Created a web scraper and automated data processing tasks, enhancing workflow efficiency.
- * Built interactive data visualizations using Matplotlib, improving data presentation skills.

OPEN-SOURCE CONTRIBUTIONS

Hacktoberfest Contributor 2022

- * Contributed to Hacktoberfest by contributing to multiple open-source repositories.

GSSOC Contributor 2023

- * Contributed to several beginner-friendly repositories (Web Development).

PROJECTS

Plant Monitoring System with Sensor Data and Image Processing | IoT, Python, Deep-learning

- The Plant Monitoring System leverages IoT and advanced image processing techniques to continuously monitor plant health, enabling the early detection of diseases and facilitating more effective agricultural management.

Book Recommender System | python, machine-learning, Flask, HTML5, CSS3

- Intelligent algorithms recommend books tailored to individual preferences, while a user-friendly design enhances the overall browsing and reading experience.

Image Classifier | python, Deep-learning, pytorch

- The objective of this project is to develop an image classifier that can accurately identify and categorize different species of flowers. This classifier will be powered by a neural network, which will be trained using a dataset of flower images.

EXTRACURRICULAR

- Quiz Bizz Team Member (BITD)
- HackReboot Tech Volunteer (BITD)
- Angelhack Student Ambassador'2022
- Open Source contributor at Collabnix Community

ACHIEVEMENTS AND CERTIFICATIONS

- Research Paper Publication on IJERD Publications
- Accenture Go for Gold Contest
- Python for Data Science, AI Development
- Harward WECODE Scholar'22
- Pragati Women in Tech Scholar'2021 [National Scholarship]
