OBJECTIVE

Student of Information Technology, Python and Machine Learning enthusiast. Seeking a position as a intern in Caravel.Tech

SKILLS

- Language:- C, C++, Python, HTML, CSS
- Library/Framework:- Numpy, Pandas, OpenCV, scikit-learn, Matplotlib, Tweepy
- Soft Skills:- Team Work, Problem Solving, Decision Making, Event Management, Time Management, Leadership
- Other Skills:- Content Writing, Communication, WordPress Development, Machine Learning, Microsoft Word, Excel

EXPERIENCE

TEDxBITD

Campus Ambassador

Duration : **June 2021**

Cloud X Lab

Webinar on Introduction to AI and Data science

Duration : **Nov 2021**

AWS Community Day South Asia 2021

Attendee

Duration : **Oct 2021**

DevFest 2021

Participant

Duration : **Oct 2021**

National Institute for Technical Training and Skill Development

Member

Duration : **April 2022**

EDUCATION

Bhilai Institute of Technology Durg

B.Tech (Information Technology)

Passing Year - **2020-Present**

Courses: Operating System, Data Structures and Algorithms, Analysis of Algorithms, OOPS, Python

Grades : **CPI- 9.4**

MGM Senior Secondary School (CBSE)

Intermediate

Passing Year - **2018-19**

Courses: Physics, Chemistry, Maths, C++

Grades : **80.40%**

MGM Senior Secondary School (CBSE)

High School

Passing Year - **2016-17**

Grades : **CGPA- 10**

PROJECTS

C++ Projects:-

Management System - Library Management System

A library management system is software that is designed to manage all the functions of a library. It helps librarian to maintain the database of new books and the books that are borrowed by members along with their due dates. This system completely automates all your library's activities.

Car Games

Console based Car Racing game which displays its control and scores based on user performance

Machine Learning Projects:- Loan prediction Problem

Console based loan prediction Problem using Library like pandas, sklearn etc. which predict either loan will be approved or not on the basis of given data

Spam Detection

Based on ML it detects whether received message is a Spam message or not

Admission Prediction In Top Universities

Checks user Performance and Result then predict, He/She is eligible or not for getting admission in World Top Universities .

Python Projects:-

Alarm Clock

Library like datetime and tkinter which helps in building this project using the current date and time.

This provides user interface to set the alarm according to the requirement in 24-hour format.

Random Password Generator

It generate strong passwords randomly that contain alphabets, characters, and digits. User can specify the guidelines on no. of characters, special characters, numbers, etc to create unpredictable strong passwords.

ACHIEVEMENTS & AWARDS

Computer Skills Exam

- Organized by IIIT Kota in Nov 2021, secured 89%

Research Paper Certificate (BITCON 2021)

Soft Skills Test

- Organized by TCS, secured 90%

Microsoft Excel Certificate

- A joint Digital Skill Initiative by Ministry of Labour & Employment and Microsoft on Essentials of Excel coursework in the academic year 2021-22

Machine Learning using Python Exam

- 6 week online course organized by NIELIT, secured 94%

Spoken Tutorial Training Certificate(C, C++, HTML)

- Educational portal by IIT Bombay

CBSE Merit Certificate (2016-17)

- Merit Certificate by CBSE for securing 10 CGPA in Class 10

Excellence Award (Student Council)

2018-19

PUBLICATION

Ethical Practices in Writing Of a Research Paper (Oct 2021)

Presented a Research Paper in National Conference organized by Bhilai Institute of Technology Durg (BITCOIN 2021)
